PROFILE

I am an enthusiastic B.Sc. Data Science student at Techno India University, skilled in Python, Excel, and Power BI. With hands-on experience through internships, I harness analytical thinking to tackle real-world data challenges. My commitment to ongoing skill enhancement and strong communication abilities complements my technical expertise, making me a well-rounded candidate in the fields of data science.

EXPERIENCE

Data Science Intern PINNACLE LABS

04/2025 -
05/2025

A data science-focused company involved in projects in data analytics

- Performed data cleaning, preprocessing, and exploratory data analysis (EDA) using Python to identify patterns and trends.
- Analyzed structured datasets to generate actionable insights for data-driven decision making.
- Applied Python libraries such as Pandas, NumPy, and Matplotlib for data manipulation and visualization.
- Assisted in building analytical workflows to improve data quality and reporting efficiency.
- Collaborated on a data science project involving data preparation, statistical analysis, and insight generation.

Tools: Python

Virtual Data Analytics Intern DELOITTE

05/2025 -
06/2025

A leading global consulting firm offering professional services

- Completed a virtual analytics internship program simulating real-world business consulting projects.
- Performed data analysis, data interpretation, and business insight generation using industry-standard tool (Tableau).
- Produced analytical solutions to address business problems through data-driven approaches.
- Practiced data visualization, data cleaning, and business intelligence reporting techniques.
- Strengthened skills in data storytelling, dashboard design, and analytical reporting.

Tools: Tableau

Data Science Intern LEARNTRICKS

05/2025 -
06/2025

An organization providing learning resources in tech fields

- Created interactive dashboards and data visualizations to present analytical insights effectively.
- Worked on an industry project focused on transforming raw data into meaningful visual reports.
- Utilized data visualization tools to analyze and present business data.
- Translated complex datasets into clear graphical insights to support business analysis.

Tools: Python

Data Analyst Intern BAZOKI

08/2025 -
Present

An online delivery company directly connected to local shop masters

- Manage back-end operational data and daily purchase ledgers, ensuring accuracy and consistency in reporting effectively.
- Analyze daily pricing data and product performance metrics to support operational decision-making.
- Generate daily and monthly analytical reports to track sales, purchases, and product trends.
- Design and maintain interactive dashboards for operational and performance monitoring.
- Prepare DSR (Daily Sales Report) and product analytics reports to evaluate marketplace performance.
- Support business operations by transforming transactional data into actionable insights.
- Build, train and deploy software models to automate and analyze day to day, monthly data easily with automated dashboard and notification centers.

Tools: Excel, Google Sheets, Looker, SQL, Magento, Apps Script, Python, AI, Google Cloud, Google Analytics, Git Hub, Cloud Run

EDUCATION

Bachelor of Science in Data Science

2023 - 2027

Techno India University

Class 12

2023

St. Stephen's School

Class 10

2021

St. Stephen's School

SKILL

- Microsoft Office
- Microsoft Power BI
- Microsoft Power Point
- Advanced Excel
- Google Sheets
- Looker Studio
- Python
- SQL
- Tableau
- Video Editing
- Poetry/ Creative Writing
- Gmail

CERTIFICATION

LANGUAGES

Python & Machine Learning

Certification in Python and Machine Learning from
Devtown, Google Developer Students Club

Statistics & Mathematics for Data Science

Completion of a course on Statistics and
Mathematics tailored for Data Science from **Udemy**

Data Science Internship Completion

Completion certificate for data science
internship at **Pinnacles Lab**

Virtual Data Analytics Internship Completion

Completion certificate for data analytics job
simulation at **Deloitte**

Excel Using AI

Certificate of completion for MS Excel Using AI
Workshop from **Office Master**

- **English:** Native/ Proficient
- **Bengali:** Native
- **Hindi:** Proficient
- **French:** Beginner
- **Malayalam:** Beginner
